

Football Australia Licence Revalidation

The information in this document takes effect from January 1st, 2019 and supersedes all prior documents. The changes have been implemented to ensure Football Australia meets the criteria mandated in the Asian Football Confederation (AFC) Coaching Convention.

Football Australia Advanced Coaching Licences are valid for three (3) consecutive years. During this three-year period, coaches are required to gain **100 points** of "Continued Professional Development" (CPD) to have their licence revalidated for a further three years.

If at the end of the three-year accreditation period the coach has not accumulated the required number of points, their current licence will no longer be valid and the coach will then be considered to have no current accreditation.

CPD courses organised by a Football Australia for Diploma holders are aimed at keeping coaches up-to-date and stimulating further development.

Points can only be gained in the following ways:

Frequently Asked Questions

Do we get points for coaching?

Yes, as outlined in the points table, coaches obtain 10 points per year actively coaching (maximum 30 CPD points per revalidation period).

What if I attend the next level of Football Australia/AFC Advanced Diploma but fail the course?

Your existing Football Australia Advanced Diploma will be revalidated for a further three (3) years.

Football Australia Licence Revalidation

Which three (3) years are counted towards my revalidation?

The three (3) years since your licence was either issued or reaccredited. You cannot use points prior to your licence being issued or previously validated.

Example -

- Licence issued on June 30th, 2020 expires on December 31st, 2023.
- Next revalidation period is January 1st, 2024 until December 31st, 2026.
- If a coach gained 100 CPD points on October 1st, 2023, the licence is revalidated from January 1st, 2024 not October 1st. Therefore, any CPD activities completed between October 1st, 2023 – December 31st, 2023 do not contribute to revalidation.

Can I work without an accreditation Licence?

You must hold the valid qualification required for the position you wish to hold as deemed by the rules relating to the competition or structure in which you seek to work.

What if I accrue more than 100 Points in a three (3) year period can I carry points forward?

No. The points expire at the end of your three (3) year accreditation period. Points do not carry forward.

Are certificates automatically extended?
